The Upper School Habitat for Humanity Club at CDNIS is hosting our “Paint Your Shirt” event for this year, on the week of November 19th - 23rd. The aim of the event is to educate students about what Habitat for Humanity does and how their donations help to build homes for people. It also allows students from the Lower School to connect with Upper School students in a fun and engaging activity.

The Habitat for Humanity Club at CDNIS is entering its 4th year, and with your continued support, has participated in six global village build trips to China, Thailand and Cambodia. In this event, Lower School students will use markers to “Paint Your Shirt” to minimize potential mess, and hopefully, on the day your child takes part in the event, they will be able to wear their decorated shirts. This fundraiser helps to create a stronger sense of community amongst CDNIS as it unites both the Lower School and Upper School students and staff who have their very own Habitat for Humanity shirts. Most importantly, there will be passionate Habitat volunteers monitoring your child while they have fun in this new learning experience to ensure safety. To further educate Lower School students on how their donation will be used, we will be decorating the cafeteria with pictures from our previous build trips.

The cost of the activity will be $120, and cheques are to made be payable to Canadian International School of Hong Kong Limited. The payment along with the permission slip needs to be submitted by November 2nd, 2012. You may also sign up on our Facebook page at http://www.facebook.com/hfhcdnis

Thank You!
